

Dear Alain,

Thank you so much for your very kind letter which arrived just one moment ago. It is very much appreciated.

Last night ( Wednesday 25th) we had a meeting to discuss your visit and how everyone felt it had gone.

We all agreed we had enjoyed our time with you all and the friendliness of you all was echoed by everyone.

We all enjoyed the spontaneous singing, your laughter and the happiness of you all - and we have gained two more members to our association through your visit as they enjoyed it so much.

We do look forward to our next visit to Bouaye but it was explained to me that you would like to concentrate on your links with Italy once again therefore if it means missing a year we do understand so please do not worry about it at all.

The weather was good to us while you were here but it rained the day after you left and came cold again but I understand it was also the same with you when you arrived home.

Give our best wishes to everyone and thank them all for sharing a wonderful weekend with us.

Kind regards

Maureen
